PRODUCT DESCRIPTION

The Techno SUPER THERMO XtremeGrip offers the best comfort, safety and durability for all activities. It offers thermal insulation down to -70°C / -94°F. Techno SUPER THERMO keeps your feet dry and warm in the coldest working conditions. The boot is resistant to oils, fats, organic solvents and a variety of chemicals. The XtremeGrip PU / TPU SR outsole offers superior safety and grip in all conditions. The red TPU area in the outsole improves the outsole performance by 10% compared to a traditional PU sole. The anti clog / selfcleaning tread pattern is designed to spit out any debris, mud, food pieces, stones, ... as you walk Thanks to the best BASF polyurethane raw material this is the world's most comfortable and versatile working boot. Strong, flexible and with a durability 3 to 4 times longer compared to the traditional pvc and rubber boots. The superior durability and competitive pricing offers important cost savings. The removable, shock absorbing and washable insoles give you the comfort you deserve. Techno SUPER THERMO XtremeGrip PU/TPU : the best and most comfortable solution for all jobs in cold environments. No more heavy or tired legs after a hard day's work. Techno SUPER THERMO XtremeGrip PU/TPU has the following certificates : CE, O4, S4, S5L, SR, CI (ColdInsulation).

ABOUT US

Techno Boots combines the quality, durability, and comfort of polyurethane boots; improving working conditions, increasing user profit and income, and offering advanced and sustainable solutions. It is founded on the mission of redefining standards in the footwear industry.

All Techno Boots models are CE certified and comply with the highest safety standards. Currently, with an annual production capacity of over half a million pairs, Techno Boots implements ISO 9001 standards and complies with rigorous health and safety regulations.

Techno Boots produces the world's most comfortable boots in Türkiye and exports them to more than 50 countries worldwide. It manufactures a complete range of polyurethane boots specifically developed for sectors such as agriculture, dairy production, food processing, slaughterhouses, commercial fishing, aquaculture, construction, mining, oil and gas, general industry, horticulture, hunting, hobbies, and cold storage.

Techno Boots are manufactured with the finest BASF polyurethane raw materials, offering extreme lightness, comfort, strength, durability, flexibility, and excellent thermal insulation.
